EDUCATION

Doctor of Philosophy Expected May, 2026

Nova Southeastern University, APA-Accredited

Clinical Psychology, APA Accredited Program

Dissertation Defended (April 2025): Understanding Single Versus Comorbid Diagnoses: Trauma and Chronic Pain

Advisor: Barry Nierenberg, PhD., ABPP

Master of Science July 2022

Nova Southeastern University, College of Psychology

Bachelor of Arts May 2020

George Washington University

Major: Psychology

Minors: Public Health, Human Services and Social Justice

PROFESSIONAL AFFILIATIONS

American Psychological Association of Graduate Students, APAGS, (2020-present)

American Psychological Association (Division 12), student member (2020-present)

Psi Chi National Honor Society (2021-present)

American Psychological Association (Division 38), student member (2022-present)

American Psychological Association of (Division 56), student member (2022-present)

AWARDS AND HONORS

Dr. Oscar Bekoff and Mrs. Beatrice Bekoff Scholarship, FL, 2020-2026

Undergraduate Dean's List, The George Washington University, 2017-2020

Bowdoin Book Award, FL, 2016

PRE-DOCTORAL INTERNSHIP

VA St. Louis Health Care System (VASTLHCS), St. Louis, MO 7/2025 – present *Psychology Intern*

Clinical Psychology Internship Program, APA-Accredited, 2080 hours to be completed, 40 hours/week

Psychology Training Director: Christopher Miller, PsyD.

Preceptor: Dr. Katherine Goedeker, PhD.

Overview: Engage in five hours of weekly didactic seminars and professional learning experiences focused on professional development, topics in diversity, equity and inclusion, and intervention and assessment skills. Attend monthly psychology grand rounds and psychology service meetings. Currently rotating through two and soon to be a total of four clinical teams throughout the year where at least 2.5 supervision hours are earned per week. At present engaging in Cognitive Processing Therapy certification while developing and eventually presenting a scholarly project.

CURRENT CLINICAL ROTATIONS

Inpatient Mental Health Unit, St. Louis, MO 7/2025 – 1/2026

Supervisor: Jeffrey Benware, PhD., MBA, ABPP

Intervention: Provide brief evidenced-based psychotherapy (solution-focused, MI, distress tolerance, emotional regulation, cognitive reframing, behavioral activation, and mindfulness) for veterans with serious mental illness often with comorbid substance use disorders.

Assessment: Administer extensive psychological and neuropsychological assessments for a wide range of serious mental illness psychopathology and wrote comprehensive reports that aided in stabilization and treatment planning. Moreover, assessed and determined suicidal and homicidal risk and risk stratification.

Consultation: Daily team huddles with the team of psychiatrists, social workers, chaplain, and medical staff optimized collaborative care and patients needs for the day.

Siteman Psychology Service, Siteman Cancer Center, Barnes-Jewish Hospital, St. Louis, MO 7/2025 – 1/2026

Supervisors: Jessica Vanderlan, PhD., and Jennifer Romo PsyD.

Intervention: Provide outpatient and inpatient counseling upon requests for ancillary oncology to patients experiencing cancer-related issues including management of physical symptoms or treatment side effects (e.g., pain, nausea, fatigue), adjustment disorders, depression, anxiety, caregiving concerns, and end-of-life issues.

Assessment: Conduct risk assessments as needed for referrals and intake measures for outpatient patients ranging from 17+ years old to monitor metrics over time.

Consultation: Evaluated psychological and medical history to address current functioning and worked with the medical and psychosocial providers including oncologists, psychiatrists, social workers, spiritual care providers, nursing staff, and nutritionists to enhance comprehensive care.

UPCOMING CLINICAL ROTATIONS

Trauma Recovery Program (TRP) , St. Louis, MO 1/2026 – 7/2026

Supervisors: Julie Mastnak, PhD, Shawn O'Connor, PhD, and Christopher Miller, PhD

Intervention: Conduct biopsychosocial assessments, clinical interviews, treatment sessions to engage in ethical shared decision-making about evidenced-based treatment options. Provide evidence-based, trauma-focused psychotherapy interventions (CPT, PE, NET, STAIR) to Veterans with PTSD and trauma-related concerns. Adapt evidence-based protocols as needed in consideration of comorbidity, identity-related differences, levels of cognitive functioning, and complex presentations of traumatic stress. Engage in standardized risk assessments, risk stratification, lethal means counseling, and safety planning.

Assessment: Administer diagnostic assessments.

Consultation: Collaborate with additional teams along the continuum of care (e.g., general mental health, primary care, Whole Health, psychiatry) to provide adequate support and referrals as needed. Along with attending weekly interdisciplinary team meetings with nurses, psychiatrists, social workers, and psychologists to consult on clinical cases and to collaborate on topics such as complex comorbidities, risk stratification, cultural and diagnostic considerations, and measurement-based care approaches.

Primary Care Mental Health Integration (PCMHI) - Manchester Annex, St. Louis, MO 1/2026 – 7/2026

Supervisor: Sharon Lightfoot, PhD

Intervention: Provide brief intervention (ACT, CBT, CBT-I, CBT-CP, DBT, MI, problem-solving) and MH triage for walk-in and/or scheduled Veterans referred by primary care providers in a time-limited PCMHI therapy model for Veterans presenting with a wide range of behavioral health concerns including anxiety, depression, sleep disturbance, pain, SUD, trauma, and psychosocial stressors.

Assessment: Brief functional assessments to support measurement based care within the PCMHI Model.

Consultation: Collaborate interprofessionally within primary care including general practice providers, social workers, dietitians, pharmacists, and Whole Health while completing requests from across medical specialties

to determine the most appropriate clinical route for care of Veterans' mental and behavioral health concerns.

OFF-ROTATION EXPERIENCES

Psychosocial Solid Organ Transplant Evaluation, St. Louis, MO 9/2025 – 1/2026

Health Behavior Coordinator and Assessment Supervisor: Marianne Rizk, PhD.

Intervention: Conducted comprehensive pre-surgical evaluations for VA National Transplant Program (kidney, lung, liver, bone marrow) consisting of comprehensive clinical interview with Veteran and collateral interview with Veteran's caregiver to determine readiness and appropriateness for transplant process as well as plan of post-surgical care.

Assessment: Additionally administered multiple screening measures to assess Veteran's comprehension of transplant process and provided education on pre and post transplant requirements, risks, and complications. Further, assessed caregivers for preparedness.

Consultation: Medical team consulted with psychologists to schedule a mandatory evaluation in order to complete the remaining steps to be considered eligible for a kidney as well as served as a member of an interdisciplinary care team to form treatment goals and recommendations for potential recipients.

Scholarly Project: Caregiving, St. Louis, MO 7/2025 – 5/2026

Supervisors: Jessica Vanderlan, PhD., Jennifer Romo PsyD., and Katherine Goedeker PhD.

Conducted literature search, presented for Grand Rounds, planned and led Barnes-Jewish Siteman Cancer Center's inaugural Caring for Cancer Caregivers event, and collected event feedback forms. The event included experts addressing accessing resources, navigating the health care system during and after treatment, and coping with caregiver burnout.

Chaplain Presentation on Suicide, St. Louis, MO 2/2025– 4/2026

Supervisor: Tara Cassidy, PhD.,

Conducted literature search on suicide and presented to VA Chaplains on theories, considerations, and clinical practice.

SUPERVISED CLINICAL PRACTICUM EXPERIENCE

Memorial Neuroscience Institute, Hollywood, FL 8/2024 – 5/2025 *Practicum Student*

Supervisor: Madily Broz, PsyD.

Assessment: Conducting neuropsychological testing as needed for diagnostic clarity, accommodation eligibility, and treatment planning for adult in/outpatient clients ages 18-90. Furthermore, aiding in WADA administration.

Consultation: Evaluated psychological and medical history to address cognitive complaints such as attention, concentration, emotional difficulties, memory complaints, epilepsy, Alzheimer's disease, multiple sclerosis, vascular disease, and traumatic brain injuries. Attended regular interdisciplinary epilepsy consult team.

Pediatric Psychology Associates (PPA), South Florida, FL 8/2023 – 8/2025 *Practicum Student*

Supervisors: Samantha Carellai, PsyD, ABPP.; Judith Migoya, PsyD.; Pia del Castillo, PsyD.

Intervention: Co-facilitated social understanding and relationship fundamentals (SURF) skills group psychotherapy for children and adolescents, focusing on self-regulation, social-emotional competencies, executive functioning, and social problem-solving. Provided individual outpatient behavioral and cognitive behavioral therapy services to children, adolescents, adults, and families presenting with a variety of concerns including emotional, social, and behavioral components related to anxiety, autism spectrum disorder, chronic pain (biofeedback), depression, and trauma.

Assessment: Conducted cognitive ability and achievement assessments and reports for ages 6-11.

Consultation: Evaluated and developed strategies to address challenging behaviors for individuals with chronic pain and headaches (Headache Clinic).

International Humanitarian Global Outreach (HGO) Service Trip to Jordan, Davie, FL 2/2023 – 3/2023 *Vice President*,

Organizer, Trainee

Supervisors: Stephen Campbell, PhD.; Ralph Cash, PhD, ABPP.; Oraib Toukhly, PsyD.

Intervention: Provided psychological services to children that have experienced childhood sexual abuse, family violence, deaths, and other traumatic events.

Assessment: Conducted trauma-informed care and feedback on drawings administered to children at the refugee camps, orphanages, and churches.

Trauma Resolution Integration Program (TRIP), Davie, FL 8/2022 – 8/2023 *Practicum Student*

Supervisors: Amy E. Ellis, PhD. and Bryan Reuther, PsyD.

Intervention: Provided weekly outpatient psychotherapy using integrated treatment approaches of Contextual Trauma Therapy (CTT), Dialectical Behavioral Therapy (DBT), narrative exposure therapy, humanistic, relational, and attachment theory in an integrated healthcare facility for low income, uninsured individuals ages 17-65 with a variety of presenting concerns related to their trauma including anxiety, depression, chronic suicidal ideation, posttraumatic disorders, complex trauma, and socio-economic stressors.

Community Living Center (CLC) Bruce W. Carter VA Medical Center, Miami, FL 8/2021 – 8/2022 *Practicum Student*

Supervisors: Yesenia Rivera, PsyD.; Emily Georgia Salivar, PhD.

Intervention: Provided weekly individual short-term and long-term holistic trauma-informed psychological services depending on social and spiritual needs across various stages of life, illness, and adjustment to veterans ages 20-65+ with dementia, traumatic brain injuries, and neurocognitive disorders. Developed and facilitated weekly group psychotherapy on positive aging, sub-acute rehabilitation services to geriatric populations, orthopedic problems, cancer treatment, and other complex medical conditions. Focusing on coping strategies, social skills, substance use, personality traits, family dynamics, and cultural backgrounds.

Assessment: Conducted weekly evaluations and assessments as well as cognitive functioning screening with veterans experiencing schizophrenia, bipolar disorder, depression, personality disorders, PTSD, and other affective disorders.

OTHER CLINICAL EXPERIENCE

Center for Psychological Growth and Wellness, Plantation, FL 5/2022 – 9/2024 *Psychometrician*

Supervisors: Lisa Saponaro, PhD.; Brianna Swartz, PsyD.; Quianna Gentle, PsyD.

Assessment: Administered a neuropsychological battery of intelligence, personality, and validity measures to both children and adults across the lifespan to evaluate several domains: estimated premorbid level of functioning, effort, complex attention/speed of processing, executive functioning, learning and memory, language function, visual-perceptual function, and emotional profile.

Florida Mental Health Commission, Tallahassee, FL 5/2022 – 7/2025 *Intern*

State Representative Christine Hunschofsky, MBA.

Consultation: Work closely with Representative Hunschofsky and the Florida Legislature to examine the current methods of providing mental health and substance use services in the state and to improve the effectiveness of current practices, procedures, programs, and initiatives in providing such services by identifying any barriers or deficiencies in the delivery of such services and recommend changes to existing laws, rules, and policies necessary to implement.

Recovery Support Persons for Quality of Life Grant, Davie, FL 8/2021 – 08/2023 *Trainee and Researcher*

Supervisor: Christian DeLucia, PhD.

Intervention: Conducted motivational interviewing and collected data on the effects of assessment and feedback for in-treatment and post-discharge outcomes among adults receiving short-term substance use abuse.

Alternative Breaks, Washington, DC 5/2018 – 5/2020 *Trip Leader*

Supervisor: Amy Cohen, MA.

Consultation: Focused on advocacy by fundraising, organizing, and creating a direct/indirect service oriented

itinerary permitting reflection and awareness as active citizens serve, learn, and discover the community. Area of focus was relevant to sexual health and intimate partner violence for undergraduates to advocate and provide community engagement to local neighborhoods. Partnered with nonprofit organizations and professionals in the field fostered the developments of collective leadership, intentionality, and inclusion.

GW Listens Peer Support Hotline, Washington, DC 5/2022 – Listener

Supervisor: Amber Cargill, PhD.

Intervention: Completed over 100 hours of peer counseling training; provided crisis intervention, peer counseling, and referrals to the undergraduate population calling in. Listening skills for rapport and optimizing well-being given the current situation was the goal in addition to ensuring safety.

PROFICIENT ASSESSMENT MEASURES

Behavioral Assessments

Behavior Assessment System for Children, 3rd Edition (BASC-3)
 Child Behavior Checklist (CBCL)
 Coping Orientation to Problems Experienced Inventory (Brief-COPE)
 Eating Disorder Examination Questionnaire-Short (EDE-QS)
 Family Environment Scale (FES)
 Urgency-Premeditation-Perseverance-Sensation Seeking-Positive Urgency (UPPS-P)

Cognitive and Neuropsychological Assessments

Boston Naming Test (BNT)
 Brief Visuospatial Memory Test -Revised (BVM-T-R)
 California Verbal Learning Test, 2nd Edition (CVLT-II)
 Conners Continuous Performance Test, 3rd Edition (CPT-3)
 Controlled Oral Word Association Test (COWAT)
 Grooved Pegboard
 Hooper Visual Organization Test (HVOT)
 Judgment of Line Orientation (JLO)
 Kaufman Test of Educational Achievement, 3rd Edition (KTEA-3)
 Montreal Cognitive Assessment (MoCA)
 North American Adult Reading Test (NAART)
 Repeatable Battery for the Assessment of Neuropsychological Status (RBANS)
 Rey-Osterreith Complex Figure Test (ROCFT)
 Saint Louis University Mental Status (SLUMS)
 Shipley Institute of Living Scale -2
 Stroop Color and Word Association Test
 Trail Making Test A & B
 Wechsler Adult Intelligence Scale-IV (WAIS-IV)
 Wechsler Intelligence Scale for Children-V (WISC-V)
 Wechsler Memory Scale-IV (WMS-IV)
 Wisconsin Card Sorting Test (WCST)
 Woodcock Johnson IV Tests of Cognitive Abilities (WJIV

Cog)

Woodcock Johnson IV Tests of Achievement (WJIV Ach)

Personality Assessments

Attachment Style Questionnaire (ASQ)
 Big Five Inventory, 10th Edition (BFI-10)
 Millon Clinical Multiaxial Inventory, 4th Edition (MCMI-IV)
 Minnesota Multiphasic Personality Inventory, 3rd Edition (MMPI-3)
 Personality Assessment Inventory (PAI)

Projective Assessments

House-Tree-Person (HTP)
 Thematic Apperception Test (TAT)
 Beck Inventories

Psychological and Emotional Assessment

Children's Depression Inventory, 2nd Edition (CDI-II)
 Difficulties in Emotion Regulation Scale (DERS)
 Generalized Anxiety Disorder Questionnaire, 7th Edition (GAD-7)
 Multidimensional Anxiety Scale for Children, 2nd Edition (MASC-II)
 Outcome Questionnaire (OQ-45.2)
 Patient Health Questionnaire, 8th Edition (PHQ-8)
 Prolonged Grief Disorder Checklist for Bereaved Children and Adolescents (PGD Checklist)
 Psychological Well-Being, 18th Edition (PWB-18)

Substance Use and Addiction

Alcohol Use Disorders Identification Test (AUDIT)
 Drug Abuse Screening Test (DAST-10)

Trauma and Adverse Experiences

Adverse Childhood Experiences (ACES-R)
 Columbia - Suicide Severity Rating Scale (C-SSRS)
 Dissociative Experiences Scale, 2nd Edition (DES-II)
 International Trauma Questionnaire (ITQ)

Life Events Checklist, 5th Edition (LEC-5)
Posttraumatic Stress Disorder Checklist, 5th Edition (PCL-5)
University of California, Los Angeles (UCLA)
Posttraumatic Stress Disorder Reaction Index
Trauma Symptom Inventory, 2nd Edition (TSI-2)

Additional Measures

Mini International Neuropsychiatric Interview (M.I.N.I.)
Patient-Reported Outcomes Measurement Information System (PROMIS)
Working Alliance Inventory-Short Revised (WAI-SR)

RESEARCH EXPERIENCE

Childhood Trauma and Bereavement Apprentice Research Lab 1/2023 – present Nova Southeastern University
Graduate Research Assistant Lab Coordinator

Advisor: Christopher M. Layne, PhD

SAHMSA Grant Title: National Child Trauma Workforce Institute. University of Colorado Springs, Colorado Springs, CO.
Independent Remote Contractor: The Lyda Hill Institute for Human Resilience, The University of Colorado at Colorado Springs, National Child Trauma Workforce Institute (NCTWI).

Role: Responsible for administrative tasks associated with the lab such as scheduling, communication between advisor and students, organizing lab activities, and product management. Participate in weekly meetings to work on the Core Curriculum on Childhood Trauma (CCCT) and assist with the curriculum case training assessment competencies by reviewing the literature, create instructional tools to guide in case conceptualization, intervention planning, and assessment planning via the National Child Trauma Institute (NCTWI) and critically evaluate and review journal articles for publication with the supervisor and lab members. Student reviewer for the article “Clinical Psychology: Science and Practice - The Efficacy of PTSD Treatment in Civilians and Common Misconceptions: A Systematic Review of Meta-Analyses.”

TRIP Research Lab 8/2021 – 8/2023 Nova Southeastern University *Graduate Research Assistant*

Advisors: Amy E. Ellis, PhD; Bryan Reuther PsyD

Role: Attended Journal Club to stay abreast on the trauma literature within social identity, race, sexual and affectional orientation, and comorbid disorders and supported the development of incorporating measures into the clinic by using Qualtrics to organize and analyze research data.

Health Cognitions and Behavior Research Lab 1/2018 – 5/2020 George Washington University *Undergraduate Research Assistant*

Advisor: Michelle Stock, PhD

Role: Completed extensive literature searches, entered code and analyzed data in SPSS to test hypotheses. Ran participants through experimental protocol, ensured IRB compliance. Performed general lab organization while understanding the process of research by working with graduate students. Prepared a research poster to be presented at EPA.

Picard Private Practice 5/2018 – 8/2019 Boca Raton, FL *Undergraduate Research Assistant*

Advisor: Wendy Picard, PhD

Role: Conducted literature searches on gun violence that informed the psychologist on best practices necessary to treat those impacted after the Marjory Stoneman Douglas High School shooting.

Social Justice Lab 5/2018 – 8/2019 New York University *Undergraduate Research Assistant*

Advisor: John Jost, PhD

Role: Attended weekly round table discussions with professors and initiated literature searches. Trained in R Coding and applied the F-Scale to examine conservatism and liberalism with Political Psychology.

PROVISION OF RESEARCH MENTORSHIP

Childhood Trauma and Bereavement Apprentice Lab, Nova Southeastern University *Graduate Student Mentor*

Advisor: Christopher M. Layne, Ph.D.

Serve as a mentor for undergraduate and graduate students pursuing research (e.g., suggested readings, met weekly/monthly to discuss readings and monitor progress) either in the lab, personally, or regarding their competency research assignment.

INVITED TALKS

Multivariate Statistics II (PSY 2812) 3/2023 Title: MANOVA Assumptions

Social Aspects of Behavior (PSY 3403) 2/2023 Title: Attitude Structure and Change

NSU's Diversity Summit 9/2022 Title: Cultural Considerations and Suicide Prevention

Projective Assessments (PSY 2511) 4/2022 Title: Rorschach Difference Between Reading and Mathematical Impairment in Specific Learning Disorders

Interprofessional Diabetes Education Awareness (IDEA) 2021-2022

Objective Personality Assessment (PSY 2507) 12/2021 Title: MMPI and Race

Office of Suicide and Violence Prevention 9/2021 Title: First Year Experience on Suicide

Adult Intervention (PSY 1610) 4/2021 Title: Eye Movement Desensitization Reprocessing (EMDR)

TEACHING EXPERIENCES

Theories of Measurement (PSY 2812) 8/23-12/23 Nova Southeastern University *Graduate Teaching Assistant* · Instructor: Ryan Black, PhD

Role: Assisted in weekly class preparations, graded tests, and assignments, answered students' questions about the course and readings, proctored exams, and managed the course Canvas.

Multivariate Statistics II (PSY 2812) 1/23-5/24 Nova Southeastern University *Graduate Teaching Assistant* Instructor: Ryan Black, PhD

Role: Assisted in weekly class preparations, graded exams, and assignments, answered students' questions about the course and readings, proctored exams, managed the course Canvas, and trained the next TA.

Multivariate Statistics I (PSY 2808) 9/2021-12/2021 Nova Southeastern University *Graduate Teaching Assistant* Instructor: Ryan Black, PhD

Role: Assisted in weekly class preparations, graded exams and assignments, answered students' questions about the course and readings, proctored exams, managed the course Canvas, and trained the next TA.

Systems/Family Therapy (PSY 2603) 10/22-12/22 Nova Southeastern University *Graduate Teaching Assistant* Instructor Dr. Emily Jean Georgia Salivar, PhD

Role: Assisted in organization and structure of class for doctoral level graduate students. Aids students in learning the material and taught APA 7 style guidelines to write academic papers. Grades assignments and provides feedback on papers.

Adult Psychopathology (PSY 1403) 09/21-12/21 *Graduate Teaching Assistant* Nova Southeastern University Instructor: Dr. Ashley Stripling, PhD

Role: Assisted in organization and structure of class for doctoral level graduate students. Aids students on learning the material.

Developmental: Adult and Older Adult (PSY 1407) 09/21-12/21 Nova Southeastern University *Graduate Teaching Assistant*

Instructor: Dr. Ashley Stripling, PhD

Role: Assisted in organization and structure of class for doctoral level graduate students. Aids in presentation and taught APA 7 style guidelines to write academic papers. Grades assignments and provides feedback on papers.

UNIVERSITY AND PROFESSIONAL LEADERSHIP AND SERVICE

Humanitarian Global Outreach (HGO) 2021– 2023 *Research Coordinator 2021, Vice President 2021*

Suicide and Violence Prevention (SVP) 2020 – 2025 *Crew Member*

Ethnic Minority Association of Graduate Students (EMAGS) 2020 – Present *General Member*

CERTIFICATIONS AND CLINICAL TRAININGS

VA Brief Cognitive Behavioral Therapy for Insomnia (Brief CBT-i) - *Training and Certification, 2026*

VA EMDR Series (TMS) - *Training, 2026*
